

MyClinic365 Healthcare Portal

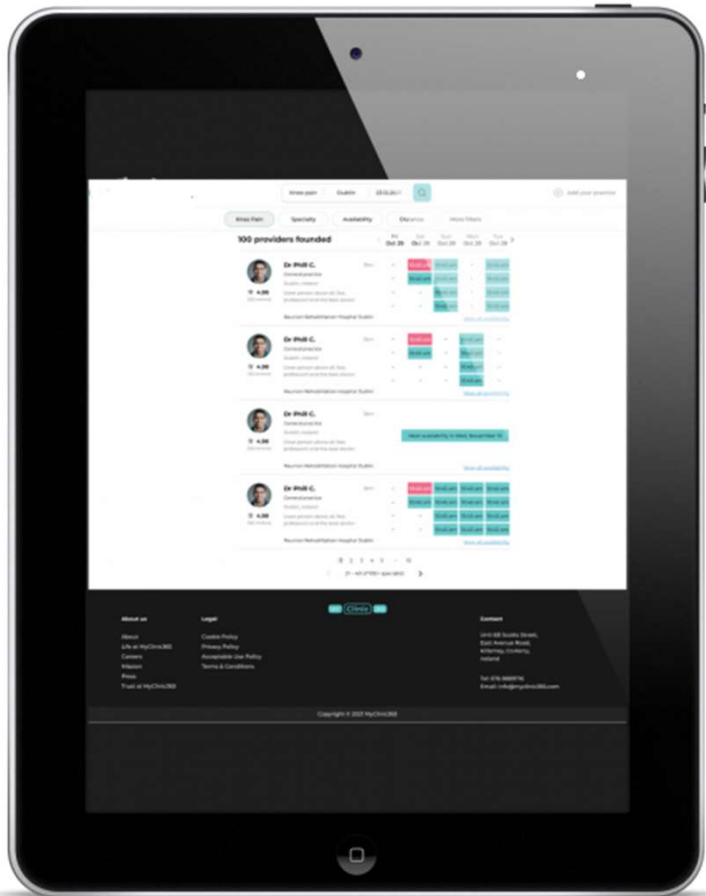

What is the MyClinic365 Healthcare Portal?

Website and app where patients find healthcare services in Ireland

Patients use the MyClinic365 Portal to find a doctor, dentist, counsellor and allied healthcare professionals by selecting their visit reason and location.

Capture the information you need with our dynamic patient intake forms.

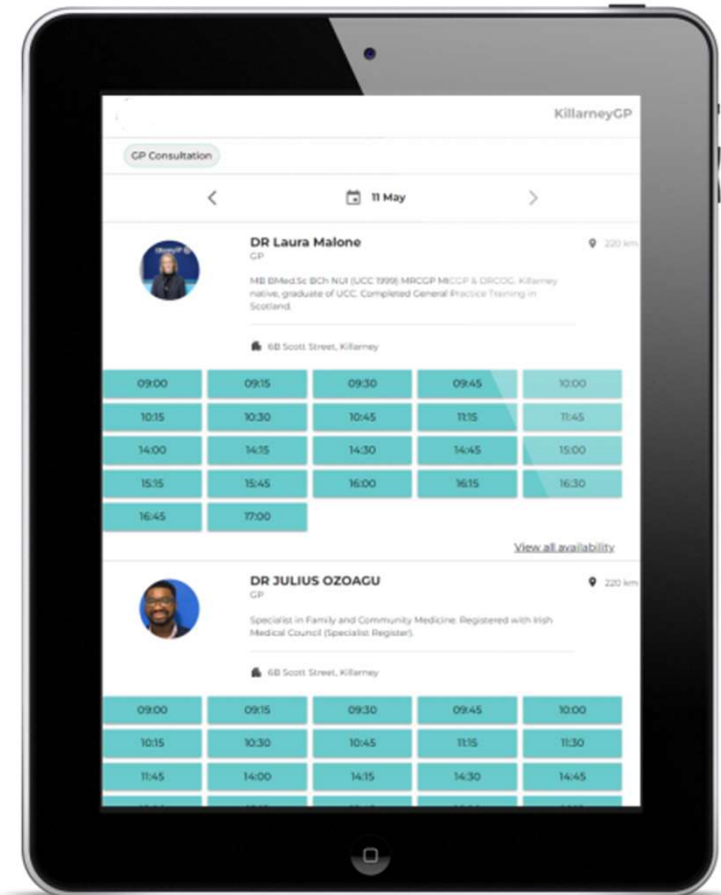

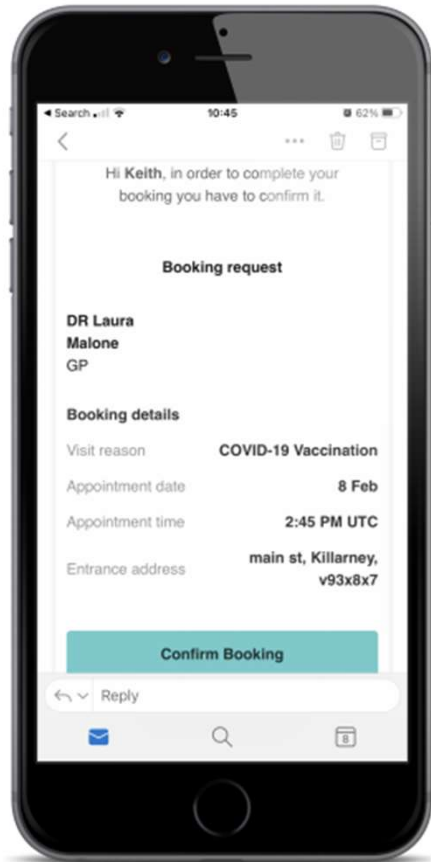

List in-network providers

Patients choose from a list of in-network providers who have availability for an in-person or telehealth appointment. Or can send a secure enquiry through the platform.

Time slots synced with your calendar

Patients book an available time and receive appointment reminders. Payments and Triage automated as required.

In-person or telehealth bookings

Patients come for in-person appointments at your practice or attend video visits using the MyClinic365 Portal or app.

Why providers love MyClinic365

Reach new and existing patients

Patients will visit the portal everyday to search for local providers

See patients anywhere

Video Consultations make up 10% of all visits
